

TANZANIA BUREAU OF STANDARDS (TBS)

DRAFT TANZANIA STANDARDS FOR PUBLIC COMMENTS

In accordance with the procedures laid down for preparation of National Standards by Tanzania Bureau of Standards, the following draft Tanzania standards, prepared by the Metals and Structures Technical Committee, under the supervision of the Mechanical Engineering Divisional Standards Committee, have been floated for public comments:

- 1. Depots for the storage of petroleum products**
- 2. Road transport vehicles, containers and equipment used for the transportation of dangerous petroleum products**
- 3. The petroleum products retail outlets**

Comments are invited from the general public on the above draft Tanzania standards earmarked for finalization. The comments should be specific and relevant clause(s) ought to be quoted against the comments. Wherever possible give the preferred wording. If the draft is generally acceptable, TBS will also appreciate if you say so, preferably before 24th February 2009. Copies of these draft Tanzania standards may be obtained from TBS offices, at Ubungu, on request.

All correspondence pertaining to these draft Tanzania standards should be addressed to
